

Revive
the original
taste and
purity of
water.

Aquaguard®
REVIVA
RO

● Silver Surety Technology
● Enhanced Booster Pump

Aquaguard Paani ka Doctor is equipped with **G.ROW.TH.**

G.ROW.TH. stands for Global. Reverse Osmosis. Ultraviolet. Taste Heightener. It is a combination of world-class technologies present individually or collectively in our range of water purifiers.

The new Aquaguard Reviva equipped with Global and RO technology of **G.ROW.TH.** removes harmful bacteria, viruses, lead, pesticides, chemicals and excess TDS from your water. Its Silver Surety technology further enhances purification efficiency and inhibits growth of waterborne bacteria and viruses. Providing you with water that is not only 100% pure and safe but also tastes great. Just the way it should.

Special Features

No Dry Running of Pump

Saves dry running of pump by shutting off the purifier automatically if there is no input water.

Transparent Tank & Large Storage Capacity

So that you are always aware of the available quantity of purified water accompanied with 8 litres storage capacity.

Tamper-Proof Reject Water Valve

Makes sure that you get a continuous, steady flow of rejected water to keep the membrane surface clean. This water can be recycled for watering plants and swabbing.

Dual Flow Tap

Two-way tap, to control the flow of purified water.

Enhanced Booster Pump

Drives the water through the membrane at a high pressure to ensure constant flow of water.

Leader in RO & UV Purification

- Trusted by over 10 million mothers • Certified by 105 leading labs
- Service across 650 towns

The Aquaguard Advantage

Technical Specifications*

Dimensions (W x D x H) in mm	: 320 x 275 x 410	Input Water Pressure	: 0.6-2.0 kg/sq.cm
Net Weight	: 8 kg	Input Water Temperature	: 5° - 45° C
Power Rating	: 25 watts	Total Hardness	: 600 mg/lit. (max.)
TDS Reduction	: >90% Approx	Total Iron	: 0.3 mg/lit. (max.)
Input Voltage	: 230 V AC/50 Hz	Total Dissolved Solids	: 500 mg/lit. (min.) - 2000 mg/lit. (max.)

Note: If the pressure is higher than the maximum specified, use of a pressure reducing valve is recommended. This accessory is available with our company at an additional cost.
